# **QUARTERLY REPORT TO SHAREHOLDERS**

Empire Company Limited ("Empire" or the "Company") is a Canadian company headquartered in Stellarton, Nova Scotia. Empire's key businesses are food retailing and related real estate. With approximately \$31.1 billion in annual sales and \$16.8 billion in assets, Empire and its subsidiaries, franchisees and affiliates employ approximately 128,000 people.

The Company operates and reports on two business segments: (i) Food retailing and (ii) Investments and other operations. Empire's food retailing segment is carried out through its wholly-owned subsidiary, Sobeys Inc. ("Sobeys"), which as of February 1, 2025, owns, affiliates or franchises more than 1,600 stores in all 10 provinces under retail banners that include Sobeys, Safeway, IGA, Foodland, FreshCo, Thrifty Foods, Farm Boy, Longo's and Lawtons Drugs, and operates grocery e-commerce under banners Voilà, IGA.net and ThriftyFoods.com, and more than 350 retail fuel locations. Investments and other operations segment, which as of February 1, 2025, included: (i) a 41.5% equity accounted interest in Crombie Real Estate Investment Trust ("Crombie REIT"), an Ontario registered, unincorporated, open-ended real estate investment trust. Crombie REIT is one of the country's leading national retail property landlords with a strategy to own, operate and develop a portfolio of high-quality grocery and drug store anchored shopping centres, freestanding stores and mixed-use developments primarily in Canada's top urban and suburban markets; and ii) various equity accounted interests in real estate partnerships (collectively referred to as "Genstar"). Genstar is a residential property developer with operations in select markets in Ontario, Western Canada and the United States.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is Management's Discussion and Analysis ("MD&A") of the consolidated financial results of Empire Company Limited ("Empire" or the "Company") (TSX: EMP.A) and its subsidiaries, including whollyowned Sobeys Inc. ("Sobeys") for the quarter and year-to-date ended February 1, 2025 compared to the quarter and year-to-date ended February 3, 2024. The MD&A should be read in conjunction with the Company's unaudited Interim Condensed Consolidated Financial Statements and notes thereto for the quarter and year-to-date ended February 1, 2025 and the audited annual Consolidated Financial Statements and the related MD&A for the fiscal year ended May 4, 2024. Additional information about the Company can be found on SEDAR+ at www.sedarplus.ca or on the Company's website at www.empireco.ca.

The unaudited Interim Condensed Consolidated Financial Statements have been prepared in accordance with International Accounting Standard ("IAS") 34, "Interim financial reporting" as issued by the International Accounting Standards Board ("IASB") and are reported in Canadian dollars. The unaudited Interim Condensed Consolidated Financial Statements should be read in conjunction with the Company's Annual Consolidated Financial Statements for the year ended May 4, 2024, which have been prepared in accordance with International Financial Reporting Standards as issued by the IASB ("IFRS Accounting Standards"). The unaudited Interim Condensed Consolidated Financial Statements include the accounts of Empire and its subsidiaries and structured entities which the Company is required to consolidate.

The information contained in this MD&A is current to March 12, 2025 unless otherwise noted. There have been no material changes to disclosures as contained in the "Critical Accounting Estimates", "Contingencies" or "Risk Management" sections of the Company's MD&A for the fiscal year ended May 4, 2024 other than as noted in this MD&A.

## FORWARD-LOOKING INFORMATION

This document contains forward-looking statements which are presented for the purpose of assisting the reader to contextualize the Company's financial position and understand management's expectations regarding the Company's strategic priorities, objectives and plans. These forward-looking statements may not be appropriate for other purposes. Forward-looking statements are identified by words or phrases such as "anticipates", "expects", "believes", "estimates", "intends", "could", "may", "plans", "predicts", "projects", "will", "would", "foresees" and other similar expressions or the negative of these terms.

These forward-looking statements include, but are not limited to, the following items:

- The Company's aim to increase total adjusted earnings per share ("EPS") through net earnings growth and share repurchases, as well as its intention to continue improving sales, gross margin (excluding fuel) and adjusted earnings before interest, taxes, depreciation, and amortization ("EBITDA") margin, all of which could be impacted by several factors including a prolonged unfavourable macro-economic environment and unforeseen business challenges, as well as the factors identified in the "Risk Management" section of the fiscal 2024 annual MD&A;
- The Company's plans to further grow and enhance the Own Brands portfolio, which may be impacted by future operating costs and customer response;
- The Company's plan to invest \$700 million capital in its network in fiscal 2025, including new store expansions and renovations and renovate approximately 20% to 25% of the network between fiscal 2024 and fiscal 2026 which could be impacted by cost of materials, availability of contractors, operating results, and other macro-economic impacts;
- The Company's expectation that it will meet targeted store growth of FreshCo, which may be impacted by customer response, availability of contractors, operating results, and other macro-economic impacts;
- The Company's expectation that it will continue its e-commerce expansion with Voilà and that actions are expected to have a significant, positive impact on Voilà's profitability in fiscal 2025 and 2026 and its ability to gain access to a larger segment of the grocery e-commerce market, which may be impacted by future operating and capital costs, customer response and the performance of its technology provider, Ocado Group plc ("Ocado");

- The Company's expectation that the Scene+ program will accelerate engagement by focusing on scaling personalization, which may be impacted by customer response, Scene+ app usage and the pace at which personalized offers are rolled out;
- The Company's expectation that it will continue to focus on driving efficiency and cost effectiveness
  initiatives including the ability to successfully pursue other e-commerce cost saving initiatives which
  could be impacted by supplier relationships, labour relations, successfully implementing operational
  efficiencies and other macro-economic impacts;
- The Company's expectation that Other income plus Share of earnings from investments, at equity will
  in aggregate, be in a range of \$135 million to \$155 million in fiscal 2025, which assumes completion
  of pending real estate transactions by the Company and Share of earnings from investments, at equity
  being consistent with historical values adjusted for significant transactions and may be impacted by
  the timing and terms of completion of real estate-related transactions and actual results from Crombie
  Real Estate Investment Trust ("Crombie REIT") and Real estate partnerships;
- The Company's expectations regarding the amount and timing of costs relating to the completion of the future Customer Fulfilment Centre ("CFC"), which may be impacted by supply of materials and equipment, construction schedules and capacity of construction contractors;
- The Company's expectation regarding its ability to ensure competitive pricing for customers and pursue long-term growth, which may be impacted by supplier relationships and negotiations and the macro-economic environment;
- The Company's expectation that recent imposition of tariffs by the United States and retaliatory tariffs by the Canadian government will create volatility in the Canadian economy, including higher future costs for importing goods potentially contributing to higher inflation if increased costs are passed to Canadian consumers, which may be impacted by the length of time tariffs are imposed, the extent of counter measures imposed by other countries, the changes in consumer behaviour, and the extent of the impacts on the supply chain;
- The Company's expectation of contributions to its registered defined benefit plans, which could be impacted by fluctuations in capital markets;
- The Company's expectation that its cash and cash equivalents on hand, together with unutilized aggregate credit facilities and cash generated from operating activities will enable the Company to fund future capital investments, pension plan contributions, working capital, current funded debt obligations and ongoing business requirements, and its belief that it has sufficient funding in place to meet these requirements and other short and long-term obligations, all of which could be impacted by changes in the macro-economic environment and operating results; and
- The Company's plans to purchase for cancellation Non-Voting Class A shares ("Class A shares") under the normal course issuer bid, which may be impacted by market and macro-economic conditions, availability of sellers, changes in laws and regulations, and operating results.

By its nature, forward-looking information requires the Company to make assumptions and is subject to inherent risks, uncertainties and other factors which may cause actual results to differ materially from forward-looking statements made. For more information on risks, uncertainties and assumptions that may impact the Company's forward-looking statements, please refer to the Company's materials filed with the Canadian securities regulatory authorities, including the "Risk Management" section of the fiscal 2024 annual MD&A.

Readers are urged to consider the risks, uncertainties and assumptions carefully in evaluating the forward-looking information and are cautioned not to place undue reliance on such forward-looking information. The forwardlooking information in this document reflects the Company's current expectations and is subject to change. The Company does not undertake to update any forward-looking statements that may be made by or on behalf of the Company other than as required by applicable securities laws.

## **OVERVIEW OF THE BUSINESS**

Empire's key businesses and financial results are segmented into two reportable segments: (i) Food retailing; and (ii) Investments and other operations. With approximately \$31.1 billion in annual sales and \$16.8 billion in assets, Empire and its subsidiaries, franchisees and affiliates employ approximately 128,000 people.

Empire's Food retailing segment is carried out through Sobeys, a wholly-owned subsidiary. Proudly Canadian, with headquarters in Stellarton, Nova Scotia, Sobeys has been serving the food shopping needs of Canadians since 1907. Sobeys owns, affiliates or franchises more than 1,600 stores in all 10 provinces under retail banners that include Sobeys, Safeway, IGA, Foodland, FreshCo, Thrifty Foods, Farm Boy, Longo's and Lawtons Drugs, operates grocery e-commerce under the banners Voilà, Voilà par IGA and ThriftyFoods.com, and operates and/or supplies more than 350 retail fuel locations.

## **Company Priorities**

The Company is continuing to enhance data capabilities and deepen the understanding of customers, allowing the Company to effectively capture emerging trends. The Company aims to grow total adjusted EPS over the long-term through net earnings growth and share repurchases. The Company intends to continue improving sales, gross margin (excluding fuel) and adjusted EBITDA margin by focusing on priorities such as:

## Continued Focus on Stores:

Over recent years, the Company has accelerated investments in renovations, conversions, and new stores along with store processes, communications, training, technology and tools. Investing in the store network will remain a priority, demonstrated by a sustained emphasis on renovations and continued new store expansion. The Own Brands program enhancement will remain a priority through increased distribution, shelf placement and product innovation.

The Company intends to invest capital in its store network and is on track with its plan to renovate approximately 20% to 25% of the network between fiscal 2024 and fiscal 2026. This capital investment includes important sustainability initiatives such as refrigeration system upgrades and other energy efficiency initiatives.

## Enhanced Focus on Digital and Data:

The focus on digital and data will include continued e-commerce expansion, personalization and loyalty through *Scene*+ (see "Business Updates – E-Commerce" and "Business Updates – *Scene*+" for more information), improved space productivity and the continued improvement of promotional optimization. Space productivity will further enhance the customer experience by improving store layouts, optimizing category and product adjacencies and tailoring product assortment for each store. The advanced analytics tools built for promotional optimization will continue to be refined through the partnership between the advanced analytics team and category merchants. Enhancing digital and data capabilities will allow the Company to deliver the best personalized experiences to elevate its in-store and e-commerce experience for its customers.

## Efficiency and Cost Control:

The Company has significantly improved its efficiency and cost effectiveness through sourcing efficiencies, optimizing supply chain productivity and improving systems and processes. The Company will continue to focus on driving efficiency and cost effectiveness through initiatives related to sourcing of goods not for resale, supply chain productivity and the organizational structure. The Company has implemented several cost savings initiatives in the Voilà business, including pausing the opening of its fourth CFC and ending its mutual exclusivity with Ocado and continues to pursue other cost saving initiatives.

## **Business Updates**

## **E-Commerce**

Voilà, the Company's online delivery business, has three active CFCs located in Toronto, Montreal and Calgary. In the fourth quarter of fiscal 2024, the Company decided to pause the opening of its fourth CFC in Vancouver, British Columbia to focus efforts on driving volume and performance in its three active CFCs. Construction of the external building for the fourth CFC has been substantially completed with the internal work related to the grid build and robot commissioning not yet started. Once e-commerce penetration rates in Canada increase, the Company will be in a position to make a decision quickly on when it will proceed with the opening of its fourth CFC.

The Company has also taken actions to decrease costs and increase its flexibility to serve customers, including ending its mutual exclusivity agreement with Ocado before it was originally estimated to end. This resulted in a non-cash pre-tax charge related to ending the exclusivity of \$11.9 million during the first quarter of fiscal 2025. On October 24, 2024, the Company announced partnerships with Instacart and Uber Eats in Ontario, providing customers with new ways to shop its stores online. On December 5, 2024, the Company expanded these partnerships to Western Canada across various banners and also to Foodland in Ontario. Subsequently, on March 11, 2025, these partnerships were expanded to Quebec and Atlantic Canada, completing the national rollout based on serviceable locations. These new partnerships complement Voilà by providing a full suite of delivery options across many of the Company's banners such as: Sobeys, Farm Boy, Longo's, FreshCo, IGA West, IGA, IGA Extra, Foodland and Lawtons.

The actions that the Company is taking as outlined above are expected to have a significant, positive impact on Voilà's profitability in fiscal 2025 and 2026. Voilà's future earnings will primarily be impacted by sales volume, with strong margins, operational efficiencies and cost discipline also serving as important drivers to manage financial performance. While the market penetration of Voilà continues to be strong, the size and growth of the Canadian grocery e-commerce market is smaller than anticipated, resulting in higher net earnings dilution than originally estimated.

In the quarter ended February 1, 2025, the Company's e-commerce platforms Voilà (including curbside pickup), IGA.net, ThriftyFoods.com and the new partnerships with Instacart and Uber Eats, generated a combined sales increase of 71.9% compared to the same quarter in the prior year. The increase is primarily driven by contribution from the rollouts of the new partnerships in fiscal 2025 and continued strong double-digit sales growth of Voilà.

## Scene+

Along with Scotiabank and Cineplex, Empire is a co-owner of *Scene+*, one of Canada's leading loyalty programs. *Scene+* has been rewarding customers in almost all of the Company's banners since launching in fiscal 2023. In that time, *Scene+* has grown from 10 million to over 15 million members, while offering a breadth of rewards categories to its members, providing a strategic marketing and promotional tool for the Company.

The Company's key priority with *Scene*+ is to accelerate program engagement by focusing on personalization. By using machine learning and artificial intelligence algorithms, personalization recommendations will be improved, delivering the right message to the right customer at the right time, through the right channels.

## FreshCo

Since fiscal 2018, the Company has been expanding its FreshCo discount format to Western Canada and its significant growth has been driven by store conversions and regional expansion. The value proposition and strong multicultural assortment, along with the addition of the *Scene+* loyalty program, has supported the growth and expansion of the discount format. As at March 12, 2025, FreshCo has 48 stores operating in Western Canada and the Company expects to achieve its original targeted growth of converting up to 25% of 255 Safeway and Sobeys Full-Service format stores in Western Canada over the next several years.

## Sustainable Business Reporting

Environmental, Social and Governance ("ESG") has deep roots in the Company's history, and the principles of ESG have been a part of the organization since the Company started over 117 years ago.

The Company published its 2024 Sustainable Business Report in August 2024, highlighting significant advancements in achieving its ESG objectives. This year's report demonstrates continued progress across the three pillars of its ESG framework: People, Planet, and Products. Notable achievements include; reducing greenhouse gas emissions in Scope 1 and 2 by 27% as part of the Company's science-based climate targets, donating over 30 million pounds of surplus food to local charities through partnerships with Second Harvest, raising and donating nearly \$23 million to support health and wellness, and further embedding Diversity, Equity and Inclusion ("DE&I") initiatives with 91% of Directors and above setting DE&I performance and accountability goals.

In fiscal 2024, the Company also initiated work to establish Scope 3 specific targets for GHG emissions related to the forestry, land and agriculture (FLAG) sector in accordance with science-based target initiatives guidance. Additionally, the newly established Sustainable Business Council continues to play a critical role in overseeing the Company's sustainability initiatives and ensuring the accuracy of carbon emissions reporting for both internal and external stakeholders.

The Company remains focused on several key initiatives as part of its ongoing ESG journey, including expanding carbon reduction projects to meet Scope 1 and 2 climate targets, eliminating avoidable and hard-to-recycle plastics, fostering a fair, equitable, and inclusive environment, and integrating sustainable business mandates within performance management goals. These efforts underscore the Company's commitment to sustainability and its role in driving positive change for its stakeholders, business, and shareholders.

## Other Items

## Western Canada Fuel Sale

On December 13, 2022, the Company signed a definitive agreement between a wholly-owned subsidiary of Sobeys and Canadian Mobility Services Limited, a wholly-owned subsidiary of Shell Canada, to sell all 56 retail fuel sites in Western Canada for approximately \$100.0 million. Following regulatory review and approval, the sale ("Western Canada Fuel Sale") was completed in the first quarter of fiscal 2024.

## OUTLOOK

Management aims to grow total adjusted EPS over the long-term through net earnings and share purchases. The Company intends to continue improving sales, gross margin (excluding fuel) and adjusted EBITDA margin by focusing on priorities such as; a continued focus on stores (investing in renovations, new store expansion, and Own Brands program enhancement), an expanded focus on digital and data (through key strategic initiatives including e-commerce, *Scene+*, personalization, space productivity and promotional optimization), and driving efficiency and cost effectiveness through initiatives related to sourcing of goods not for resale, supply chain productivity and the organizational structure.

For fiscal 2025, capital spend is expected to be approximately \$700 million, with approximately half of this investment allocated to renovations and new store expansion, 25% allocated to IT and business development projects and the remainder allocated to central kitchens, logistics, sustainability and e-commerce. The Company is on track with its plan to renovate approximately 20% to 25% of the network between fiscal 2024 and fiscal 2026.

During fiscal 2025, the Company expects aggregate pre-tax earnings from Other income plus Share of earnings from investments, at equity (both found in the Company's Consolidated Statements of Earnings), to be in the range of \$135 million and \$155 million (2024 - \$140.1 million, excluding the gain of \$90.8 million on the Western Canada Fuel Sale).

In the quarter ended February 1, 2025, the Company's internal food inflation after adjusting for the governmentimposed GST/HST tax break (effective from December 14, 2024 to February 15, 2025) was below the Consumer Price Index for food purchased from stores. The Company is focused on supplier relationships and negotiations to ensure competitive pricing for customers. The Company continues to be well positioned to pursue long-term growth despite the impacts of global economic uncertainties.

Recent imposition of tariffs by the United States government and retaliatory tariffs by the Canadian government are expected to create volatility in the Canadian economy, including higher future costs for importing goods, potentially contributing to higher inflation if increased costs are passed to Canadian consumers. The timing and duration of increased tariffs create financial uncertainty for Canadian companies, and may lead to potential job losses, reduced economic activity, and weakening confidence in the future, and could disrupt supplier relationships and the supply chain, and this may increase the volatility in the Company's operational results. Currently, approximately 12% of the Company's annual sales are related to goods sourced from the United States. The Company continues to focus on reducing this percentage by promoting local and Canadian products or by seeking alternate sources of supply outside the United States.

## **Empire Company Limited Operating Results**

#### Sales

Food sales for the quarter ended February 1, 2025 increased by 3.1% primarily driven by positive growth across the business, particularly in Full-Service and FreshCo.

Fuel sales for the quarter ended February 1, 2025 increased by 2.7% driven by higher fuel prices and higher volume compared to the prior year.

Food sales for the year-to-date ended February 1, 2025 increased by 1.9% primarily driven by positive growth across the business.

Fuel sales for the year-to-date ended February 1, 2025 decreased by 6.1% driven by both lower fuel prices and lower volume compared to the prior year and the Western Canada Fuel Sale in the first quarter of fiscal 2024.

## **Gross Profit**

Gross profit for the quarter and year-to-date ended February 1, 2025 increased by 4.8% and 3.4%, respectively, primarily driven by higher sales, strong performance and operational discipline aimed at reducing shrink, and business expansion (Farm Boy, FreshCo and Voilà).

Gross margin for the quarter ended February 1, 2025 increased to 27.0% from 26.5% in the prior year primarily as a result of disciplined execution and targeted efficiencies in our stores aimed at reducing shrink.

Gross margin for the year-to-date ended February 1, 2025 increased to 26.5% from 26.0% in the prior year. Gross margin increased primarily as a result of strong execution in Full-Service banners from several targeted initiatives aimed at closely managing shrink and inventory and improving promotional mix, and lower distribution costs driven primarily by efficiency initiatives in supply chain.

Excluding the mix impact of fuel sales, gross margin for the quarter and year-to-date ended February 1, 2025 was 43 basis points and 46 basis points higher than the prior year, respectively.

For the quarter ended February 1, 2025, operating income from the Food retailing segment increased mainly due to higher sales and gross profit, partially offset by higher selling and administrative expenses. Selling and administrative expenses increased mainly due to share based long-term incentive programs driven by the Company's share price appreciation and vesting level, higher retail labour costs driven by wage rate increases, continued investment in business expansion (Farm Boy, FreshCo and Voilà) and an increase in depreciation and amortization.

For the year-to-date ended February 1, 2025, operating income from the Food retailing segment increased mainly due to higher sales and gross profit, partially offset by higher selling and administrative expenses. Selling and administrative expenses increased mainly due to an increase in compensation expense primarily driven by retail labour costs, an increase in the share based long-term incentive programs driven by the Company's share price appreciation and vesting level, continued investment in business expansion (Farm Boy, FreshCo and Voilà), and an increase in depreciation and amortization.

Operating income from the Investments and other operations segment for the quarter ended February 1, 2025, decreased primarily as a result of the Company's investment in *Scene+* driven by increased member participation and redemption of its loyalty program points.

Operating income from the Investments and other operations segment for the year-to-date ended February 1, 2025, increased primarily as a result of higher equity earnings from Crombie REIT driven by a remeasurement gain on a property in the current year.

(2) See "Non-GAAP Financial Measures & Financial Metrics" section of this MD&A for a description of the types of costs and recoveries included.

For the quarter ended February 1, 2025, EBITDA increased to \$565.3 million from \$521.5 million in the prior year mainly as a result of the same factors affecting operating income (excluding the increase in depreciation and amortization of \$6.4 million). Adjusted EBITDA margin remained consistent at 7.3% compared to the prior year.

For the year-to-date ended February 1, 2025, EBITDA decreased to \$1,811.0 million from \$1,824.9 million in the prior year mainly as a result of the same factors affecting operating income (excluding the increase in depreciation and amortization of \$29.4 million). Adjusted EBITDA margin increased to 7.7% from 7.6% in the prior year.

## **Finance Costs**

For the quarter and year-to-date ended February 1, 2025, net finance costs increased by 3.6% and 5.1%, respectively as a result of higher interest expense on lease liabilities offset by a decrease in interest expense on other financial liabilities at amortized cost.

## **Income Taxes**

For the quarter ended February 1, 2025, the effective income tax rate was 27.0% compared to 24.0% in the same quarter last year. The effective tax rate was slightly higher than the statutory rate primarily due to the revaluation of tax estimates, not all of which were recurring. The effective tax rate in the same quarter last year was lower than the statutory rate primarily due to the revaluation of tax estimates, not all of which were recurring. The effective tax rate in the same quarter last year was lower than the statutory rate primarily due to the revaluation of tax estimates, not all of which were recurring, non-taxable capital items and consolidated structured entities which are taxed at lower rates.

For the year-to-date ended February 1, 2025, the effective income tax rate was 25.0%, compared to 25.2% in the prior year. The effective tax rate for the current year is lower than the statutory rate primarily due to non-taxable capital items and consolidated structured entities which are taxed at lower rates. For the prior year, the effective tax rate was lower than the statutory rate due to the revaluation of tax estimates, not all of which were recurring, non-taxable capital items, investment tax credits and consolidated structured entities which are taxed at lower rates, partially offset by adjustments for book and tax differences.

## **Adjusted Impacts on Net Earnings**

The Company has taken actions in its e-commerce business to decrease costs and increase its flexibility to serve customers, including ending its mutual exclusivity agreement with Ocado, slightly before it was originally estimated to end. In the first quarter of fiscal 2025, the Company incurred a non-cash charge related to ending the exclusivity, with an impact to net earnings of (\$8.8) million.

In the first quarter of fiscal 2024, Empire began to pursue strategies to optimize its organization, improve efficiencies and reduce costs including changes to its leadership team and organizational structure and the voluntary buyout of certain unionized employees (the "Restructuring"). The impact to net earnings for the quarter and year-to-date ended February 1, 2025 was \$ nil and (\$2.1) million (February 3, 2024 - (\$18.8) million and (\$38.3) million), respectively.

In the second quarter of fiscal 2023, Empire experienced IT system issues related to a Cybersecurity Event. The Company included in its Adjusted Metrics an adjustment for direct costs such as inventory shrink, hardware and software restoration costs, legal and professional fees, and labour costs, net of insurance recoveries. The impact to net earnings for the quarter and year-to-date ended February 3, 2024 was (\$0.1) million and \$15.5 million, respectively.

On July 30, 2023, Empire completed the sale of its Western Fuel Business to Canadian Mobility Services Limited, a wholly-owned subsidiary of Shell Canada. The sale of all 56 retail fuel sites in Western Canada was completed for approximately \$100.0 million, which resulted in a pre-tax gain of \$90.8 million. The impact to net earnings for the year-to-date ended February 3, 2024 was \$71.5 million.

(2) EBITDA is reconciled to net earnings for the current and comparable period in the "Non-GAAP Financial Measures & Financial Metrics" section of this MD&A.

(3) Attributable to owners of the Company.

Sales during fiscal 2024 and the first quarter of fiscal 2025 were reduced by the Western Canada Fuel sale which occurred in the first quarter of fiscal 2024.

Sales are affected by macro-economic factors impacting food retail prices, including fluctuations in inflation. Results are affected by seasonality, in particular during the summer months and over the holidays when retail sales trend higher and can result in stronger operating results. Sales, operating income, EBITDA and net earnings have all been influenced by the Company's strategic investment activities, the competitive environment, cost management initiatives, food prices and general industry trends, adjusted items, as well as other risk factors as outlined in the "Risk Management" section of the fiscal 2024 annual MD&A.

## LIQUIDITY AND CAPITAL RESOURCES

The table below highlights significant cash flow components for the relevant periods. For additional detail, please refer to the Condensed Consolidated Statements of Cash Flows in the Company's unaudited Interim Condensed Consolidated Financial Statements for the quarter ended February 1, 2025.

## **Operating Activities**

Cash flows from operating activities for the quarter ended February 1, 2025 decreased versus prior year primarily as a result of unfavourable working capital changes and higher taxes paid in the current year. The working capital changes are impacted primarily by changes in accounts receivable and accounts payable and accrued liabilities compared to the prior year.

Cash flows from operating activities for the year-to-date ended February 1, 2025 decreased versus prior year primarily as a result of higher taxes paid and lower net earnings in the current year.

## **Investing Activities**

The table below outlines details of investing activities of the Company for the relevant periods:

(1) Proceeds on disposal of assets include property, equipment and investment property.

Cash used in investing activities for the quarter ended February 1, 2025 increased versus prior year primarily due to higher intangibles and capital investments and lower proceeds on lease modifications and terminations partially offset by a decrease in leases and other receivables and business acquisitions in the current year.

For the year-to-date ended February 1, 2025, cash used in investing activities increased versus prior year primarily due to higher capital investments and intangibles, lower proceeds on lease modifications and terminations partially offset by an increase in leases and other receivables in the current year.

## **Capital Expenditures**

The Company invested \$188.0 million and \$488.8 million in capital expenditures<sup>(1)</sup> for the quarter and year-todate ended February 1, 2025 (February 3, 2024 – \$156.3 million and \$414.5 million), respectively including renovations and construction of new stores, investments in advanced analytics technology and other technology systems and Voilà CFCs.

In fiscal 2025, capital expenditures are expected to be approximately \$700 million, with approximately 50% of this investment allocated to store renovations and new store expansion, 25% on IT projects and business development projects and the remainder on central kitchens, logistics, sustainability and e-commerce. The Company is on track to renovate approximately 20% to 25% of the network between fiscal 2024 and fiscal 2026.

(1) Capital expenditures are calculated on an accrual basis and includes acquisitions of property, equipment and investment properties, and additions to intangibles.

## Store Network Activity and Square Footage

(1) Specific to converted Western Canada FreshCo stores, net of Safeway and Sobeys closures.

At February 1, 2025, Sobeys' retail space totalled 43.0 million square feet, a 0.2% increase compared to 42.9 million square feet at February 3, 2024. The prior year square footage was increased by 0.8 million to reflect a correction in reporting.

## **Financing Activities**

Cash used in financing activities for the quarter ended February 1, 2025 decreased versus prior year mainly due to a decrease in repayments on the revolving credit facility agreement and a decrease in repayments of long-term debt, partially offset by a higher volume of repurchases of Class A shares in the current year.

For the year-to-date ended February 1, 2025, cash used in financing activities decreased versus prior year primarily due to advances on non-revolving credit facilities, partially offset by an increase in payments of lease liabilities, and a decrease in issuance of long-term debt in the current year.

## Free Cash Flow

Management uses free cash flow as a measure to assess the amount of cash available for debt repayment, dividend payments and other investing and financing activities.

Free cash flow for the quarter ended February 1, 2025 decreased versus prior year primarily as a result of a decrease in cash flows from operating activities and an increase in capital investments.

For the year-to-date ended February 1, 2025, free cash flow decreased versus prior year primarily as a result of an increase in capital investments and a decrease in cashflows from operating activities.

## **Employee Future Benefit Obligations**

For the quarter and year-to-date ended February 1, 2025, the Company contributed \$4.3 million and \$14.4 million (February 3, 2024 – \$4.5 million and \$9.3 million), respectively to its registered defined benefit plans. The Company expects to contribute approximately \$17.2 million to these plans in fiscal 2025.

Sobeys' credit rating remained unchanged from the prior quarter. The following table shows Sobeys' credit ratings as at March 12, 2025:

Rating Agency	Credit Rating (Issuer rating)	Trend/Outlook
Morningstar DBRS	BBB	Stable
S&P Global	BBB-	Stable

The amended and restated credit agreements for both Empire and Sobeys, dated November 3, 2022, were amended on June 24, 2024 for updated Canadian Overnight Repo Rate Average ("CORRA"). On June 28, 2024, CORRA replaced Canadian Dollar Offered Rate ("CDOR") and any maturing Bankers' Acceptances after this date were converted to CORRA loans. The use of CORRA rates has not resulted in a material difference in the Company's cost of borrowing under the Empire and Sobeys credit facilities compared to CDOR.

On June 21, 2024, Sobeys established a senior, unsecured non-revolving term credit facility for \$120.0 million with a maturity date of June 20, 2025. Interest payable on this facility fluctuates with changes in the Canadian prime rate or CORRA. The facility was fully utilized on June 21, 2024, with the proceeds used to refinance amounts owing under its existing credit facility. As of February 1, 2025, the outstanding amount of the facility was \$120.0 million.

Sobeys acquired Longo's existing \$75.0 million demand operating line of credit. On July 20, 2023, Longo's amended this line of credit agreement from \$75.0 million to \$100.0 million. As of February 1, 2025, the outstanding amount of the facility was \$72.5 million (February 3, 2024 - \$57.6 million). Interest payable on this facility fluctuates with changes in the Canadian prime rate.

Empire has a \$150.0 million senior, unsecured revolving term credit facility with a maturity date of November 4, 2027. As of February 1, 2025, the outstanding amount of the credit facility was \$32.0 million (February 3, 2024 – \$52.8 million). Interest payable on this facility fluctuates with changes in the Canadian prime rate, bankers' acceptance rates or CORRA.

Sobeys has a \$650.0 million senior, unsecured revolving term credit facility with a maturity date of November 4, 2027. As of February 1, 2025, the outstanding amount of the facility was \$300.0 million (February 3, 2024 – \$232.4 million) and Sobeys has issued \$54.6 million in letters of credit against the facility (February 3, 2024 – \$58.6 million). Interest payable on this facility fluctuates with changes in the Canadian prime rate, bankers' acceptance rates or CORRA.

The Company believes its cash and cash equivalents on hand as of February 1, 2025, together with approximately \$440.9 million in unutilized, aggregate credit facilities and cash generated from operating activities will enable the Company to fund future capital investments, pension plan contributions, working capital, current funded debt obligations and ongoing business requirements. The Company also believes it has sufficient funding in place to meet these requirements and other short and long-term financial obligations. The Company mitigates potential liquidity risk by ensuring its sources of funds are diversified by term to maturity and source of credit.

## Shareholders' Equity

The Company's share capital was comprised of the following:

During the quarter and year-to-date ended February 1, 2025, the Company paid common dividends of \$47.1 million and \$142.7 million (February 3, 2024 - \$44.9 million and \$136.0 million), respectively to its common shareholders. This represents a payment of \$0.2000 and \$0.6000 per share (February 3, 2024 – \$0.1825 and \$0.5475 per share) for common shareholders.

As at March 11, 2025 the Company had Non-Voting Class A and Class B common shares outstanding of 135,724,847 and 98,138,079, respectively. Options to acquire 4,001,640 Non-Voting Class A shares were outstanding as of February 1, 2025 (February 3, 2024 – 4,383,554). As at March 11, 2025, options to acquire 3,969,020 Non-Voting Class A shares were outstanding (March 12, 2024 – 4,796,913).

## Normal Course Issuer Bid ("NCIB")

Under the NCIB with the Toronto Stock Exchange ("TSX") from July 2, 2023 to July 1, 2024, the Company purchased 10,004,868 (July 1, 2023 – 10,500,000) Class A shares at a weighted average price of \$35.31 (July 1, 2023 – \$36.18) for a total consideration of \$353.2 million (July 1, 2023 - \$379.9 million).

On June 19, 2024, the Company renewed its NCIB by filing a notice of intention with the TSX to purchase for cancellation up to 12,800,000 Class A shares representing approximately 9.9% of the public float of 129,904,937 Class A shares outstanding as of June 18, 2024. The Company intends to repurchase approximately \$400.0 million of Class A shares in fiscal 2025. The purchases will be made through the facilities of the TSX and/or any alternative Canadian trading systems to the extent they are eligible. The price that the Company will pay for any such shares will be the market price at the time of acquisition. The Company believes that repurchasing shares at the prevailing market prices from time to time is a worthwhile use of funds and in the best interest of the Company and its shareholders. Purchases were eligible to commence on July 2, 2024 and will terminate not later than July 1, 2025. As of February 1, 2025, the Company purchased 6,712,371 Class A shares (February 3, 2024 - 6,015,656) under this filing at a weighted average price of \$39.84 (February 3, 2024 - \$36.63) for a total consideration of \$267.4 million (February 3, 2024 - \$220.4 million).

Shares purchased are shown in the table below:

	 13 Weeks I	Ended	39 Weeks E	nded
(\$ in millions, except per share amounts)	Feb. 1, 2025	Feb. 3, 2024	Feb. 1, 2025	Feb. 3, 2024

Weighted average price per share	\$ 43.16	36.14	\$ 39.01 \$	36.16
Cash consideration paid	\$ 107.2 \$	\$ 97.9	\$ 300.1 \$	299.8

The Company engages in an automatic share purchase plan with its designated broker allowing the purchases of Class A shares for cancellation under its NCIB program during the black-out periods.

On June 20, 2024, the Canadian government enacted new legislation, implementing a 2.0% tax on repurchases of equity. The tax, effective January 1, 2024, applies to the net value of shares repurchased by any Canadian corporation whose shares are listed on a designated stock exchange. As a result, the Company has recognized \$8.6 million as a charge to retained earnings on the Interim Condensed Consolidated Balance Sheets for the repurchase of shares.

Including purchases made subsequent to the end of the quarter, as at March 7, 2025 the Company has purchased 8,613,421 Class A shares in fiscal 2025 (March 12, 2024 – 9,464,668) at a weighted average price of \$39.48 (March 12, 2024 - \$35.92) for a total consideration of \$340.1 million (March 12, 2024 - \$340.0 million).

## **ACCOUNTING STANDARDS AND POLICIES**

The unaudited Interim Condensed Consolidated Financial Statements were prepared using the same accounting policies as disclosed in the Company's annual Consolidated Financial Statements for the year ended May 4, 2024, with the exception of the following:

## Changes to Accounting Standards Adopted During Fiscal 2025

## Amendments to IAS 1 Presentation of financial statements ("IAS 1")

In October 2022, the IASB issued Non-current Liabilities with Covenants (Amendments to IAS 1) to clarify that covenants to be complied with after the reporting date for an entity's right to defer settlement of a liability does not affect the classification of the liability as current or non-current at the reporting date. These narrow-scope amendments aim to improve information an entity provides with regards to the covenants through additional disclosures. These amendments became effective for the Company on May 5, 2024. The adoption of these amendments did not have a material impact on the Company's Interim Condensed Consolidated Financial Statements.

In January 2020, the IASB issued Classification of Liabilities as Current or Non-Current (Amendments to IAS 1). The narrow-scope amendment affects only the presentation of liabilities on the balance sheet and not the amount or timing of recognition. Specifically, it clarifies:

- classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability; and
- that "settlement" refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

These amendments became effective for the Company on May 5, 2024. The adoption of these amendments did not have a material impact on the Company's Interim Condensed Consolidated Financial Statements.

## Amendments to IFRS 16 Leases ("IFRS 16")

In September 2022, the IASB issued narrow-scope amendments to IFRS 16. These amendments clarify how a seller-lessee subsequently measures the lease liability that arises from a sale and leaseback transaction, the seller-lessee determines "lease payments" and "revised lease payments" in a way that does not result in the seller-lessee recognizing any amount of the gain or loss that relates to the right of use it retains. These amendments only apply to sale and leaseback transactions for which the lease payments include variable lease payments that do not depend on an index or a rate. The amendment became effective for the Company on May 5, 2024. The adoption of these amendments had no impact on the Company's Interim Condensed Consolidated Financial Statements.

## Standards, Amendments and Interpretations Issued but not yet Adopted

## IFRS 18 Presentation and disclosure in financial statements ("IFRS 18")

In April 2024, the IASB issued IFRS 18 which replaces IAS 1. IFRS 18 introduces new requirements to improve the reporting of financial performance and give investors a better basis for analyzing and comparing companies. Specifically, it introduces:

- three defined categories for income and expenses (operating, investing and financing) and requiring companies to provide new defined subtotals, including operating profit;
- enhanced transparency of management-defined performance measures requiring companies to disclose explanations of those company-specific measures related to the statement of earnings; and
- enhanced guidance on how companies group information in the financial statements, including guidance on whether information is included in the financial statements or is included in the notes.

IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The Company is assessing the potential impact of this new standard.

## IFRS 9 Financial Instruments ("IFRS 9") and IFRS 7 Financial Instruments: Disclosures ("IFRS 7")

In May 2024, IASB issued limited amendments to IFRS 9 and IFRS 7. These amendments provide clarity on the timing of recognition and derecognition of financial assets and liabilities, the assessment of contractual cash flow characteristics, and the resulting classification and disclosure of financial assets with environmental, social, and governance linked or other contingent features. Additionally, the amendments clarify that a financial liability is derecognized on the settlement date, with the accounting policy choice to derecognize financial liability settled using an electronic payment system before the settlement date, provided specific conditions are met. Additional disclosures are required for financial instruments with contingent features and investments in equity instruments designated at fair value through other comprehensive income with these amendments.

These amendments are effective for annual reporting periods beginning on or after January 1, 2026. Early adoption is permitted, with an option to early adopt only the amendments to the classification of financial assets. The Company is assessing the potential impact of these amendments.

## **Critical Accounting Estimates**

Critical accounting estimates used by the Company's management are discussed in detail in the fiscal 2024 annual MD&A.

## Internal Control Over Financial Reporting

Management of the Company, which includes the President & Chief Executive Officer and Chief Financial Officer, is responsible for establishing and maintaining disclosure controls and procedures and Internal Control over Financial Reporting ("ICFR"), as those terms are defined in National Instrument 52-109, "Certification of Disclosure in Issuers' Annual and Interim Filings". The control framework management used to design and assess the effectiveness of ICFR is "Internal Control Integrated Framework (2013)" published by the Committee of Sponsoring Organizations of the Treadway Commission.

There have been no changes in the Company's ICFR during the quarter ending February 1, 2025 that have materially affected, or are reasonably likely to materially affect, the Company's ICFR.

## **RELATED PARTY TRANSACTIONS**

The Company enters into related party transactions with Crombie REIT, including ongoing leases and property management agreements. As at February 1, 2025, the Company holds a 41.5% (February 3, 2024 – 41.5%) ownership interest in Crombie REIT and accounts for its investment using the equity method.

Crombie REIT has instituted a distribution reinvestment plan ("DRIP") whereby Canadian resident REIT unitholders may elect to automatically have their distributions reinvested in additional REIT units. The Company has enrolled in the DRIP to maintain its economic and voting interest in Crombie REIT.

During the quarter ended November 2, 2024, Sobeys, through a wholly-owned subsidiary, sold and leased back one property to Crombie REIT for a total cash consideration of \$2.4 million resulting in a pre-tax gain of \$ nil.

During the quarter ended November 4, 2023, Sobeys, through wholly-owned subsidiaries, engaged in lease modification transactions with Crombie REIT. The lease modifications give Crombie REIT the right to terminate leases on certain properties for redevelopment in the future. These transactions resulted in pre-tax gains of \$34.3 million and have been recognized in other income on the unaudited Interim Condensed Consolidated Statements of Earnings.

During the quarter ended August 5, 2023, Sobeys entered into an agreement with Crombie REIT to reassign certain subleases with third parties directly to Crombie REIT in exchange for a fee. This transaction resulted in pre-tax income of \$16.4 million and has been recognized in other income on the unaudited Interim Condensed Consolidated Statements of Earnings.

## CONTINGENCIES

Contingencies related to the Company's legal proceedings are discussed in detail in the fiscal 2024 annual MD&A.

## **RISK MANAGEMENT**

Risk and uncertainties related to economic and industry factors and the Company's management of risk are discussed in detail in the fiscal 2024 annual MD&A.

## **DESIGNATION FOR ELIGIBLE DIVIDENDS**

"Eligible dividends" receive favourable treatment for income tax purposes. To be considered an eligible dividend, a dividend must be designated as such at the time of payment.

Empire has, in accordance with the administrative position of CRA, included the appropriate language on its website to designate the dividends paid by Empire as eligible dividends unless otherwise designated.

## **NON-GAAP FINANCIAL MEASURES & FINANCIAL METRICS**

There are measures and metrics included in this MD&A that do not have a standardized meaning under generally accepted accounting principles ("GAAP") and therefore may not be comparable to similarly titled measures and metrics presented by other publicly traded companies. Management believes that certain of these measures and metrics, including gross profit and EBITDA, are important indicators of the Company's ability to generate liquidity through operating cash flow to fund future working capital requirements, service outstanding debt and fund future capital expenditures and uses these metrics for these purposes.

In addition, management presents adjusted measures and metrics, including operating income, EBITDA and net earnings in an effort to provide investors and analysts with a more comparable year-over-year performance metric than the basic measure by excluding certain items. These items may impact the analysis of trends in performance and affect the comparability of the Company's core financial results. By excluding these items, management is not implying they are non-recurring.

## **Financial Measures**

The intent of non-GAAP financial measures is to provide additional useful information to management, investors and analysts. Non-GAAP financial measures should not be considered in isolation or used as a substitute for measures of performance prepared in accordance with GAAP. The Company's definitions of the non-GAAP terms included in this MD&A are as follows:

- The E-commerce Exclusivity adjustment includes the impact of the early termination of the mutual exclusivity agreement with Ocado, resulting in a non-cash charge related to the impairment of an intangible asset.
- The Restructuring adjustment includes costs incurred to plan and implement strategies to optimize the
  organization and improve efficiencies, including severance, professional fees and voluntary labour
  buyouts.
- The Cybersecurity Event adjustment includes the impact of incremental direct costs such as inventory shrink, hardware and software restoration costs, legal and professional fees, labour costs and insurance recoveries. Management believes that the Cybersecurity Event adjustment results in a useful economic representation of the underlying business on a comparative basis. The adjustment does not include management's estimate of the full financial impact of the Cybersecurity Event, as it excludes the net earnings impacts related to the estimated decline in sales and operational effectiveness from impacts such as the temporary loss of advanced planning, promotion and fresh item management tools, the temporary closure of pharmacies, and customers' temporary inability to redeem gift cards and loyalty points.
- The Western Canada Fuel Sale adjustment includes the impact of the gain on sale which is comprised of the purchase price less the write off of tangible assets and goodwill, legal and professional fees as well as lease termination impacts.
- The Grocery Gateway Integration adjustment includes the impact of the asset write-off related to the Grocery Gateway name and facility assets, severance, IT project costs and other costs.
- Gross profit is calculated as sales less cost of sales. Management believes cost of sales is a useful metric to monitor profitability on a product-level basis. Gross profit represents a supplementary metric to assess underlying operating performance and profitability.

The following table reconciles gross profit on a consolidated basis:

- Adjusted operating income is operating income excluding certain items to better analyze trends in
  performance. These items are excluded to allow for better period over period comparison of ongoing
  operating results. Adjusted operating income is reconciled to operating income in its respective
  subsection of the "Summary Results Third Quarter" section.
- EBITDA is calculated as net earnings before finance costs (net of finance income), income tax expense, depreciation and amortization of intangibles. Management believes EBITDA represents a supplementary metric to assess profitability and measure the Company's underlying ability to generate liquidity through operating cash flows.

The following table reconciles net earnings to EBITDA on a consolidated basis and for the Food retailing segment:

- Adjusted EBITDA is EBITDA excluding certain items to better analyze trends in performance. These
  items are excluded to allow for better period over period comparison of ongoing operating results.
  Adjusted EBITDA is reconciled to EBITDA in its respective subsection of the "Summary Results Third
  Quarter" section.
- Management calculates interest expense as interest expense on financial liabilities measured at amortized cost and interest expense on lease liabilities. Management believes that interest expense represents a true measure of the Company's debt service expense, without the offsetting finance income.

The following table reconciles finance costs, net to interest expense:

These items are excluded to allow for better period over period comparison of ongoing operating results. Adjusted net earnings is reconciled in its respective subsection of the "Summary Results – Third Quarter" section.
- Adjusted EPS (fully diluted) is calculated as adjusted net earnings divided by diluted weighted average number of shares outstanding.
- Free cash flow is calculated as cash flows from operating activities, plus proceeds on disposal of

  acquisitions of property, equipment, investment property and intangibles, interest paid and payments
  of lease liabilities, net of payments received from finance subleases. Management uses free cash flow
  as a measure to assess the amount of cash available for debt repayment, dividend payments and
  other investing and financing activities. Free cash flow is reconciled to GAAP measures as reported
  on the Annual Consolidated Statements of Cash Flows, and is presented in the "Free Cash Flow"
  section of this MD&A.
- Funded debt is all interest-bearing debt, which includes bank loans, bankers' acceptances, long-term debt and long-term lease liabilities. Management believes that funded debt represents the most relevant indicator of the Company's total financial obligations on which interest payments are made.
- Total capital is calculated as funded debt plus shareholders' equity, net of non-controlling interest.

The following table reconciles the Company's funded debt and total capital to GAAP measures:

## **Financial Metrics**

The intent of the following non-GAAP financial metrics is to provide additional useful information to investors and analysts. Management uses financial metrics for decision-making, internal reporting, budgeting and forecasting. The Company's definitions of the metrics included in this MD&A are as follows:

- Same-store sales are sales from stores in the same location in both reporting periods. Management believes same-store sales represents a supplementary metric to assess sales trends as it removes the effect of the opening and closure of stores.
- Gross margin is gross profit divided by sales. Management believes that gross margin is an important indicator of profitability and can help management, analysts and investors assess the competitive landscape and promotional environment of the industry in which the Company operates. An increasing percentage indicates lower cost of sales as a percentage of sales.
- EBITDA margin is EBITDA divided by sales. Management believes that EBITDA margin is an important indicator of performance and can help management, analysts and investors assess the competitive landscape, promotional environment and cost structure of the industry in which the Company operates. An increasing percentage indicates higher EBITDA as a percentage of sales.
- Adjusted EBITDA margin is adjusted EBITDA divided by sales. Management believes that adjusted EBITDA margin is an important indicator of performance and can help management, analysts and investors assess the competitive landscape, promotional environment and cost structure of the industry in which the Company operates. An increasing percentage indicates higher adjusted EBITDA as a percentage of sales.

- Funded debt to total capital ratio is funded debt divided by total capital. Management believes that the funded debt to total capital ratio represents a measure upon which the Company's changing capital structure can be analyzed over time. An increasing ratio would indicate that the Company is using an increasing amount of debt in its capital structure.
- Funded debt to adjusted EBITDA ratio is funded debt divided by trailing four-quarter adjusted EBITDA.
   Management uses this ratio to partially assess the financial condition of the Company. An increasing ratio would indicate that the Company is utilizing more debt per dollar of adjusted EBITDA generated.
- Adjusted EBITDA to interest expense ratio is trailing four-quarter adjusted EBITDA divided by trailing four-quarter interest expense. Management uses this ratio to partially assess the coverage of its interest expense on financial obligations. An increasing ratio would indicate that the Company is generating more adjusted EBITDA per dollar of interest expense, resulting in greater interest coverage.
- Book value per common share is shareholders' equity, net of non-controlling interest, divided by total common shares outstanding.

The following table shows the calculation of Empire's book value per common share:

(\$ in millions, except per share information)	Feb. 1, 2025	May. 4, 2024	Feb. 3, 2024
Shareholders' equity, net of non-controlling interest	\$ 5,377.2 \$	5,341.1 \$	5,320.8
Shares outstanding (basic)	236.4	248.0	246.3
Book value per common share	\$ 22.75 \$	21.54 \$	21.60

Additional financial information relating to Empire, including the Company's Annual Information Form, can be found on the Company's website www.empireco.ca or on the SEDAR+ website for Canadian regulatory filings at www.sedarplus.ca.

## 1. Reporting entity

Empire Company Limited ("Empire" or the "Company") is a Canadian company whose key businesses are food retailing and related real estate. The Company is incorporated in Canada and the address of its registered office of business is 115 King Street, Stellarton, Nova Scotia, B0K 1S0, Canada. The Interim Condensed Consolidated Financial Statements for the period ended February 1, 2025 include the accounts of Empire, all subsidiary companies, including 100% owned Sobeys Inc. ("Sobeys"), and certain enterprises considered structured entities where control is achieved on a basis other than through ownership of a majority of voting rights. Investments in which the Company has significant influence and its joint ventures are accounted for using the equity method. As at February 1, 2025, the Company's business operations were conducted through its two reportable segments: Food retailing and Investments and other operations, as further described in Note 8, Segmented information. The Company's Food retailing business is affected by seasonality and the timing of holidays. The Company's fiscal year ends on the first Saturday in May.

#### 2. Basis of preparation

#### Statement of compliance

The Interim Condensed Consolidated Financial Statements have been prepared in accordance with International Accounting Standard ("IAS") 34, "Interim Financial Reporting", as issued by the International Accounting Standards Board ("IASB"). Accordingly, certain information and note disclosures normally included in the annual Consolidated Financial Statements have been omitted or condensed. The Interim Condensed Consolidated Financial Statements should be read in conjunction with the Company's annual audited Consolidated Financial Statements for the year ended May 4, 2024, which have been prepared in accordance with International Financial Reporting Standards as issued by the IASB ("IFRS Accounting Standards").

The Interim Condensed Consolidated Financial Statements were authorized for issue by the Board of Directors on March 12, 2025.

#### Use of estimates, judgments and assumptions

The preparation of the Interim Condensed Consolidated Financial Statements requires management to make estimates, judgments and assumptions that affect the amounts reported on the Interim Condensed Consolidated Financial Statements and accompanying notes. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Estimates, judgments and assumptions that could have a significant impact on the amounts recognized in the Interim Condensed Consolidated Financial Statements are summarized in the Company's annual audited Consolidated Financial Statements for the year ended May 4, 2024 and remain unchanged for the period ended February 1, 2025.

#### 3. Summary of material accounting policy information

These Interim Condensed Consolidated Financial Statements were prepared using the same accounting policies as disclosed in the Company's annual audited Consolidated Financial Statements for the year ended May 4, 2024, with the exception of the following:

#### Changes to accounting standards adopted during fiscal 2025

#### Amendments to IAS 1 Presentation of financial statements ("IAS 1")

In October 2022, the IASB issued Non-current Liabilities with Covenants (Amendments to IAS 1) to clarify that covenants to be complied with after the reporting date for an entity's right to defer settlement of a liability does not affect the classification of the liability as current or non-current at the reporting date. These narrow-scope amendments aim to improve information an entity provides with regards to the covenants through additional disclosures. These amendments became effective for the Company on May 5, 2024. The adoption of these amendments did not have a material impact on the Company's Interim Condensed Consolidated Financial Statements.

In January 2020, the IASB issued Classification of Liabilities as Current or Non-Current (Amendments to IAS 1). The narrow-scope amendment affects only the presentation of liabilities on the balance sheet and not the amount or timing of recognition. Specifically, it clarifies:

- classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability; and
- that "settlement" refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

These amendments became effective for the Company on May 5, 2024. The adoption of these amendments did not have a material impact on the Company's Interim Condensed Consolidated Financial Statements.

#### Amendments to IFRS 16 Leases ("IFRS 16")

In September 2022, the IASB issued narrow-scope amendments to IFRS 16. These amendments clarify how a sellerlessee subsequently measures the lease liability that arises from a sale and leaseback transaction, the seller-lessee determines "lease payments" and "revised lease payments" in a way that does not result in the seller-lessee recognizing any amount of the gain or loss that relates to the right of use it retains. These amendments only apply to sale and leaseback transactions for which the lease payments include variable lease payments that do not depend on an index or a rate. The amendment became effective for the Company on May 5, 2024. The adoption of these amendments had no impact on the Company's Interim Condensed Consolidated Financial Statements.

#### Standards, amendments and interpretations issued but not yet adopted

#### IFRS 18 Presentation and disclosure in financial statements ("IFRS 18")

In April 2024, the IASB issued IFRS 18 which replaces IAS 1. IFRS 18 introduces new requirements to improve the reporting of financial performance and give investors a better basis for analyzing and comparing companies. Specifically, it introduces:

- three defined categories for income and expenses (operating, investing and financing) and requiring companies to provide new defined subtotals, including operating profit;
- enhanced transparency of management-defined performance measures requiring companies to disclose explanations of those company-specific measures related to the Statement of Earnings; and
- enhanced guidance on how companies group information in the financial statements, including guidance on whether information is included in the financial statements or is included in the notes.

IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The Company is assessing the potential impact of this new standard.

#### IFRS 9 Financial Instruments ("IFRS 9") and IFRS 7 Financial Instruments: Disclosures ("IFRS 7")

In May 2024, IASB issued limited amendments to IFRS 9 and IFRS 7. These amendments provide clarity on the timing of recognition and derecognition of financial assets and liabilities, the assessment of contractual cash flow characteristics, and the resulting classification and disclosure of financial assets with environmental, social, and governance linked or other contingent features. Additionally, the amendments clarify that a financial liability is derecognized on the settlement date, with the accounting policy choice to derecognize financial liability settled using an electronic payment system before the settlement date, provided specific conditions are met. Additional disclosures are required for financial instruments with contingent features and investments in equity instruments designated at fair value through other comprehensive income with these amendments.

These amendments are effective for annual reporting periods beginning on or after January 1, 2026. Early adoption is permitted, with an option to early adopt only the amendments to the classification of financial assets. The Company is assessing the potential impact of these amendments.

#### 4. Inventories

The cost of inventories recognized as an expense during the period and year-to-date ended February 1, 2025 was \$5,642.1 and \$17,366.5 (February 3, 2024 - \$5,507.1 and \$17,255.8) respectively. The Company recorded a (recovery) expense for the period and year-to-date ended February 1, 2025 of \$(0.2) and \$2.6 (February 3, 2024 - \$(0.2) and \$2.2) respectively for write-down of inventories below cost to net realizable value for inventories on hand.

#### 5. Investments, at equity

Real estate partnerships	61.7	58.7
Other investments and joint ventures	15.2	7.0
Total	\$ 708.3	\$ 684.7

The fair value of the investment in Crombie REIT, which is based on a published price quoted on the Toronto Stock Exchange ("TSX"), is as follows:

	February 1 2025	February 3 2024
Crombie REIT	\$ 1,026.6	\$ 1,022.6

The real estate partnerships and other investments and joint ventures are not listed on a public stock exchange and hence published price quotes are not available.

Sobeys' amended and restated senior, unsecured revolving term credit agreement dated November 3, 2022, in the amount of \$650.0, with a maturity date of November 4, 2027, was amended on June 24, 2024 for updated Canadian Overnight Repo Rate Average ("CORRA"). As of February 1, 2025, the outstanding amount of this facility was \$300.0 (February 3, 2024 - \$232.4) and the Company has issued \$54.6 (February 3, 2024 - \$58.6) in letters of credit against the facility. Interest payable on this facility fluctuates with changes in the Canadian prime rate, bankers' acceptance rates or CORRA.

The Company's amended and restated senior, unsecured revolving term credit agreement dated November 3, 2022, in the amount of \$150.0, with a maturity date of November 4, 2027, was amended on June 24, 2024 for updated CORRA. As of February 1, 2025, the outstanding amount of this facility was \$32.0 (February 3, 2024 - \$52.8). Interest payable on this facility fluctuates with changes in the Canadian prime rate, bankers' acceptance rates or CORRA.

Pursuant to an agreement dated June 21, 2024, Sobeys entered into a senior, unsecured non-revolving term credit agreement in the amount of \$120.0, with a maturity date of June 20, 2025. As of February 1, 2025, the outstanding amount of this facility was \$120.0. Interest payable on this facility fluctuates with changes in the Canadian prime rate or CORRA.

Sobeys acquired Longo's existing \$75.0 demand operating line of credit. On July 20, 2023, Longo's amended this line of credit agreement from \$75.0 to \$100.0. As of February 1, 2025, the outstanding amount of this facility was \$72.5 (February 3, 2024 - \$57.6). Interest payable on this facility fluctuates with changes in the Canadian prime rate.

## 7. Capital stock

Under the normal course issuer bid ("NCIB") with the TSX from July 2, 2023 to July 1, 2024, the Company purchased 10,004,868 (July 1, 2023 - 10,500,000) Non-Voting Class A shares at a weighted average price of \$35.31 (July 1, 2023 - \$36.18) for total consideration of \$353.2 (July 1, 2023 - \$379.9).

On June 19, 2024, the Company renewed its NCIB by filing notice of intention with the TSX to purchase for cancellation up to 12,800,000 Non-Voting Class A shares representing approximately 9.9% of the public float of Non-Voting Class A shares outstanding. The purchases will be made through the facilities of the TSX and/or any alternative Canadian trading systems to the extent they are eligible. The price the Company will pay for any such shares will be the market price at the time of acquisition. Purchases were eligible to commence on July 2, 2024 and will terminate not later than July 1, 2025. As of February 1, 2025, the Company purchased 6,712,371 Non-Voting Class A shares (February 3, 2024 - 6,015,656) under this filing at a weighted average price of \$39.84 (February 3, 2024 - \$36.63) for a total consideration of \$267.4 (February 3, 2024 - \$220.4).

The following table reflects shares purchased under the NCIB:

		13 Weel	ks E	Ended		39 Weel	eks Ended

The Company engages in an automatic share purchase plan with its designated broker allowing the purchases of Non-Voting Class A shares for cancellation under its NCIB program during trading black-out periods.

On June 20, 2024, the Canadian government enacted new legislation, implementing a 2.0% tax on repurchases of equity. The tax, effective January 1, 2024, applies to the net value of shares repurchased by any Canadian corporation whose shares are listed on a designated stock exchange. As a result, the Company has recognized \$8.6 as a charge to retained earnings on the Interim Condensed Consolidated Balance Sheets for the repurchase of shares.

Subsequent to the period ended February 1, 2025, the Company purchased for cancellation 922,075 Non-Voting Class A shares at a weighted average price of \$43.39 for a total consideration of \$40.0.

#### 8. Segmented information

The Company's reportable segments are Food retailing and Investments and other operations. The Food retailing segment is comprised of three operating segments: Sobeys National, Farm Boy and Longo's. These operating segments have been aggregated into one reportable segment, Food retailing, as they all share similar economic characteristics such as product offerings, customer base and distribution methods. Food retailing consists of corporate and franchisee-owned retail food stores, and includes convenience and fuel stores, retail pharmacy stores and in-store pharmacies, providing customers offerings in fresh and non-fresh grocery, fuel, pharmacy, health and beauty care and general merchandise. The Investments and other operations segment principally consists of investments in Crombie REIT, real estate partnerships and various other corporate operations.

Segment results and assets include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

All inter-segment transfers are carried out at arm's length prices. The measurement policies the Company uses for segment reporting under IFRS 8, "Operating segments", are the same as those used on its Consolidated Financial Statements.

No asymmetrical allocations of income, expense or assets have been applied between segments.

All sales are generated by the Food retailing segment. The Company's sales, by type of goods, are reconciled to total sales below:

	13 We	eks Ended	39 Wee	ks Ended		
	February 1 2025	February 3 2024	February 1 2025	February 3 2024

#### 14. Business acquisitions

During the year-to-date ended February 1, 2025, the Company completed the acquisitions of certain franchise and nonfranchise stores. The results of these acquisitions have been included in the financial results of the Company since their acquisition dates and were accounted for through the use of the acquisition method.

The following table represents the amount of identifiable assets and liabilities resulting from these acquisitions for the year-to-date ended:

	February 1 2025				
Assumed cash	\$ 0.2	\$	-		
Inventories	4.8		6.4		
Property, equipment and investment property	5.0		7.2		
Goodwill	6.1		0.9		
Accounts payable and accrued liabilities	(1.1)		-		
Provisions	(0.1)		-		
Total consideration	\$ 14.9	\$	14.5		

From the date of acquisition, the businesses acquired contributed sales of \$26.3 and \$65.2 (February 3, 2024 - \$15.1 and \$22.7) and net (loss) earnings of \$(0.3) and \$0.4 (February 3, 2024 - \$(1.0) and \$(1.2)) for the period and year-todate ended February 1, 2025 respectively, which are included in the Interim Condensed Consolidated Financial Statements. Goodwill recorded on the acquisitions of franchise and non-franchise stores and other businesses relates to the acquired work force and customer base of the existing store location, along with the synergies expected from combining efforts of the acquired stores with existing stores. The estimated fair value of identifiable net assets and goodwill acquired have been determined provisionally and are subject to adjustment pending the finalization of the valuations and related accounting.

## 15. Financial instruments

The carrying amount of the Company's financial instruments approximates their fair values with the following exception:

Long-term debt	February 1 2025			May 4 2024	February 3 2024	
Total carrying amount	\$	1,130.2	\$	1,095.4	\$	941.7
Total fair value	\$	1,196.4	\$	1,132.5	\$	989.1

The fair value of the non-controlling interest put liabilities associated with certain acquisitions is equivalent to the present value of the non-controlling interest buyout price which is based on the estimated future earnings of these entities at a predetermined date. The fair value of the non-controlling interest put liability associated with the acquisition of Longo's was determined through a statistical simulation, which is based on the estimated future earnings of Longo's at a predetermined date. The fair value of these options is classified as Level 3 within the three-level hierarchy of IFRS 13, "Fair value measurement". There are many inputs used to calculate the fair value, the most sensitive of which is EBITDA.

As part of the Farm Boy acquisition, members of the Farm Boy senior management team (the "Stakeholders"), retained a combined 12% interest in Farm Boy, resulting in a non-controlling interest. The parties entered into put and call options such that the Stakeholders could put, and Sobeys could call, the remaining 12% at any time after five years following the acquisition date. Since the date of acquisition, the Company recorded a financial put liability based on the present value of the amount payable on exercise of the put option in accordance with IFRS 9 "Financial instruments". On January 6, 2024, the Company received formal notice from the Stakeholders exercising their put options. During the year ended May 4, 2024, the Company acquired the remaining 12% non-controlling interest in Farm Boy for \$77.1 and the put option liability was settled in cash.

## 16. Stock-based compensation

#### Performance share unit plan

The Company awards performance share units ("PSUs") to certain employees. The number of PSUs that vest under an award is predominantly dependent on service over time and the achievement of specific performance measures. During the period ended August 3, 2024, the PSUs accounting changed from equity-settled to cash-settled as employees were given the option to choose between cash or share settled upon vesting, which results in a cash-settled liability. Upon vesting, each employee is entitled to receive cash or Non-Voting Class A shares equal to the number of their vested PSUs. During the year-to-date ended February 1, 2025, the Company granted 603,751 (February 3, 2024 - 407,275) PSUs. At February 1, 2025, there were 1,196,917 (February 3, 2024 - 1,008,123) PSUs outstanding and the total carrying amount of the liability was \$19.1 (February 3, 2024 - \$ nil). The compensation expense for the period and year-to-date ended February 1, 2025 related to PSUs was \$5.3 and \$10.1 (February 3, 2024 - \$3.5 and \$6.0) respectively.

## Stock option plan

During the year-to-date ended February 1, 2025, the Company granted nil (February 3, 2024 - 459,642) options under the stock option plan for employees of the Company whereby options are granted to purchase Non-Voting Class A shares. The compensation expense for the period and year-to-date ended February 1, 2025 related to the issuance of options was \$0.3 and \$5.5 (February 3, 2024 - \$1.3 and \$4.2) respectively.

#### Deferred stock unit plans

Deferred stock units ("DSU") issued to employees under the Executive DSU Plan, vest dependent on time and the achievement of specific performance measures. During the year-to-date ended February 1, 2025, the Company granted 224,304 (February 3, 2024 - 146,096) DSUs. At February 1, 2025, there were 1,738,087 (February 3, 2024 - 1,729,060) DSUs outstanding and the total carrying amount of the liability was \$65.7 (February 3, 2024 - \$55.6). The compensation expense for the period and year-to-date ended February 1, 2025 related to DSUs was \$8.2 and \$20.2 (February 3, 2024 - \$(5.6) and \$(0.1)) respectively.

#### Empire Company Limited Notes to the Interim Condensed Consolidated Financial Statements February 1, 2025 Unaudited (in millions of Canadian dollars, except share and per share amounts)

Members of the Board of Directors may elect to receive all or any portion of their fees in DSUs in lieu of cash. The number of DSUs received is determined by the market value of the Company's Non-Voting Class A shares on each directors' or employees' fee payment date. During the year-to-date ended February 1, 2025, the Company granted 42,556 (February 3, 2024 - 41,373) DSUs. At February 1, 2025, there were 524,135 (February 3, 2024 - 497,456) DSUs outstanding and the total carrying amount of the liability was \$22.4 (February 3, 2024 - \$17.0). During the period and year-to-date ended February 1, 2025, the compensation expense (recovery) recorded was \$2.5 and \$6.9 (February 3, 2024 - \$(2.1) and \$1.2) respectively.

Under both DSU plans, vested DSUs cannot be redeemed until the employee has left the Company or the holder is no longer a director of the Company. The redemption value of a DSU equals the market value of an Empire Non-Voting Class A share at the time of redemption. On an ongoing basis, the Company values the DSU obligation at the current market value of a corresponding number of Non-Voting Class A shares and records any increase or decrease in the DSU obligation as selling and administrative expenses.

## 17. Related party transactions

The Company enters into related party transactions with Crombie REIT, including ongoing leases and property management agreements. As at February 1, 2025, the Company holds a 41.5% (February 3, 2024 - 41.5%) ownership interest in Crombie REIT and accounts for its investment using the equity method.

Crombie REIT has instituted a distribution reinvestment plan ("DRIP") whereby Canadian resident REIT unitholders may elect to automatically have their distributions reinvested in additional REIT units. The Company has enrolled in the DRIP to maintain its economic and voting interest in Crombie REIT.

During the period ended November 2, 2024, Sobeys, through a wholly-owned subsidiary, sold and leased back one property to Crombie REIT for a total cash consideration of \$2.4 resulting in a pre-tax gain of \$ nil.
