

Management's Statement of Responsibility for Financial Reporting

Preparation of the consolidated financial statements accompanying this annual report and the presentation of all other information in the report is the responsibility of management. The consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles and reflect management's best estimates and judgements. All other financial information in the report is consistent with that contained in the consolidated financial statements.

Management of the Company has established and maintains a system of internal control that provides reasonable assurance as to the integrity of the consolidated financial statements, the safeguarding of Company assets, and the prevention and detection of fraudulent financial reporting.

The Board of Directors, through its Audit Committee, oversees management in carrying out its responsibilities for financial reporting and systems of internal control. The Audit Committee, which is chaired by and composed solely of directors who are unrelated to, and independent of, the Company, meet regularly with financial management and external auditors to satisfy itself as to reliability and integrity of financial information and the safeguarding of assets. The Audit Committee reports its findings to the Board of Directors for consideration in approving the annual consolidated financial statements to be issued to shareholders.

The external auditors have full and free access to the Audit Committee.
